

Hej P2N

At the end of each school year, I always like to take some time to reflect on the year and think about what my favourite moments are from it.

Being your teacher this year has definitely been the biggest highlight. It has been wonderful watching you develop skills and rise to the challenge of P2 work. You work so well together as a class, supporting and caring for each other no matter what. I am sure your resilience and determination will continue next year and lead to a successful primary 3.

We had a fabulous day out at the zoo, I was so proud of how well you did during the workshop. I just wish we had more time there so we could see all the animals! If you look closely, you can see the lions behind you in the distance.

This year has definitely been the most bizarre year of my time as a teacher. It feels very strange writing to you all to wish you a fun and happy summer holiday rather than giving you all a huge hug goodbye. As you read this, stretch out your arms and give everyone in our class a virtual hug. Rather than say goodbye, I am going to say à bientôt (French for see you soon). Have a fabulous, safe summer – I can't wait until we return in August so you can tell me all about your adventures!

Lots of love and big bear hugs,
Miss Nicholls
