

Dear primary 6D,

What a year we have all had! Although I would have loved to say this to you in our classroom and get a hug or a high five from you all after, I wanted to tell you that I am so glad to have been your Primary 6 teacher this year. I have put your 'time capsules' in your trays for you to collect, the ones you made with me all that time back at Meet the Teacher. Look how far you have all come since then! I am so proud of how much you have all grown in maturity and how much you have progressed in your learning. Thank you for always trying your best and for being so supportive to everyone in class. Thank you for working hard this year and taking on the challenges you have faced. Thank you for making me laugh everyday! You have all proved just how resilient you are and I hope this has shown you how strong minded and independent you can be. Life can be really unfair sometimes and it makes me sad that we didn't get to do lots of the things we had planned for this year. But it's also important to always look for the positives in every situation. I promise, they are always there. Think about all your memories of being in P6D; the fun times, the things you have found challenging but have overcome, the things you've learned, the things that have gone well and the things that haven't. Use all of these experiences to help you be even better in Primary 7. I hope you all continue to work hard for your final year in primary school. I hope you all continue to show just how fantastic you can be when you put your mind to it. I want you to know that I'll be there for you during those times when you might be feeling upset or angry, need someone to talk to or even just to share a funny story with! My door is always open to you. I can't wait to see you in August. Keep safe over the summer and enjoy it. Before you know it we'll be back in school with all your friends, smiling and laughing and you will appreciate everything so much more.

Take care, your **proud** teacher,

Miss Dunne x
